ISTEP Testing Information

This Spring 2016, the ISTEP+ assessment will be different than the past, as it will measure standards that are more challenging and require higher levels of problem solving, writing, and critical thinking. These types of skills are particularly important in preparing students for college and/or careers.

The IDOE is pleased to announce the ISTEP+ "Experience." Experience is presented via the Pearson online platform (TestNav 8) that will be used for ISTEP+ online testing, as well as IREAD-3 online testing. The purpose of Experience is for students, educators, parents, and community members to see how test items similar to those on the ISTEP+ Part 2 assessment are presented in the online system. By [clicking this link](#) you can find more information and links to Experience and the answer keys to sample question.

The theme for this year's Academic Team competition is "Hoosier Heritage." We are looking for 8-10 students from the Honor Roll to join the team and begin practicing and researching once a week after school. There will be two competitions later this spring, one will be after school at Paoli High School in late April and the other will be on a Saturday morning in Seymour.
