21st Century Scholars

If your student qualifies for free or reduced lunch, he or she is eligible to apply for the 21st Century Scholar program. This program is a way to help Indiana students further their education after high school. This is a great way to help offset the costs of education and training.

Income eligible 7th and 8th graders who enroll in the program and fulfill a pledge of good citizenship are guaranteed to receive up to four years of undergraduate tuition at any public college or university in Indiana. If your child attends a private or independent institution, the state will award an amount comparable to that of a public institution.

As a 21st Century Scholar, your child can get help finding free tutoring, a mentor and a part-time job, and once he or she gets to college, students who are 21st Century Scholars receive support to finish their college degree.

Students, parents and school counselors have a new online resource at Scholars.IN.gov that helps eligible students enroll in Indiana's 21st Century Scholars program, succeed in school and complete college. The new website also features "ScholarTrack"—a new personalized online tool that guides Scholars through each of the steps to complete the new Scholar Success Program requirements. Available for high school freshmen (Class of 2017) this year, ScholarTrack accounts will be provided to all 21st Century Scholars by fall 2014.

Another good resource for parents and students to explore college options is TriptoCollege.org
